Mr. Condino + committee.

Thank you for the opportunity today to speak + listen about these bills. I would encourage support of these bills. In the event that you do decide to interview some incarcerated individuals, please consider interviewing Timothy R. Carigon 254039; he resides at E.C. Brooks Correctional Facility in Muskegon. He, too, is a "poster child" for these bills, + thought highly of, by Sgt. Baker, (the Quartermaster + Tim's 'boss') as well as many guards + officers. He was brought in and sentenced 16 years after the fire that took Mr. Fisher's life - Tim was 17 then, + 33 when sentenced. This is a felony case.

Also please feel free to contact me.

Thank you again for your consideration.
